

<div>Important Notes for Course Registration: 1. Schools reserve the discretion to make changes. 2. Enrolment Restriction on GE Courses: 1. Students will be allowed to enroll in two GE courses during course registration of Term 1 and Term 2. Also, students cannot take GFH/GFN in the first term of the first year. GFH and GFN cannot be taken together in the same Term. 2. According to the General Education Study Scheme, students can only take up to 6 units of GEW courses as Free Electives. a) If students have previously taken two GEW courses (including CEC1000 or CEC2000 declared as GEW1001 or GEW2001), they cannot declare any units of CE course(s) as free electives or register for additional GEW courses. Registry will promptly drop any additional GEW course(s) for such students. b) If students have not taken any GEW courses or have taken fewer than 6 units, once they register for a GEW course (except CEC1000 or CEC2000), the units will be automatically counted as Free Electives. 3. For courses offered by HSS, if a course is taught by more than one teacher, students can only choose the lecture and tutorial taught by the same teacher. 4. Students can enquire about the detailed course description by clicking "SIS > Curriculum Management > Browse Course Catalog". Terminologies Explanation: Co-Listing: In special cases where there is a genuine need, two similar but not identical courses, respectively at UG and PG levels, can share the same learning activities but differ in other aspects such as assessment. The resulting credits are not transferable between the two courses. Double-coding: Double coded course carrying an alternate code is a single course that is offered under two course codes with identical course content, assessment scheme and grading. Students may register and earn credit for only one of the codes under a double-coded course. Pre-requisite: A prerequisite course must be completed or had been enrolled in before registering for a certain course. For example, if course A is a prerequisite for course B, students must complete or had enrolled in course A before enrolling in course B. Co-requisite: A formal course is required to be taken simultaneously with another. If the student has already taken one of the co-requisite courses, it is permissible to enroll in the other one during the course registration period. Exclusion: Exclusion means that the two courses are mutually exclusive. If course A and course B are exclusive, then you can select only one of them. INDAN: Students from Shatin campus of IDA double major programme. INDAZ: Students from Shenzhen campus of IDA double major programme. ASEIN: Students from Shatin campus of ASEI double major programme. ASEIZ: Students from Shenzhen campus of ASEI double major programme. MASEZ: Students from Shenzhen campus of MASE double major programme.</div>

HSS	ITE1000	Information Technology	1	LIN Yongqian; LIAO Ruizhi	English	360	6			DAI1000	Y2-Y4 Students			Grading Basis: DPF 1) Due to the curriculum development, ITE1000 will no longer be applicable to students admitted in the 2025-26 academic year or thereafter. However, it will remain available for students admitted in 2024-25 or before till the 2026-27 academic year. Students are strongly recommended to complete ITE1000 as early as possible, as its offering frequency may decrease due to declining demand. 2) Students who fail to complete ITE1000 to fulfill their graduation requirements after the 2026-27 academic year will be required to take the new one-unit course, DAI1000 Digital and AI Literacy (grading basis: D/P/F), as a substitute. 3) DAI1000 will be offered starting Term 1, 2025-26. Year 2 and above students who have not completed ITE1000 may take DAI1000 as a substitute. DAI1000 will be opened to Y2-4 students during the add/drop period, subject to available quotas.
